

FOR IMMEDIATE RELEASE

Marina Bay Sands outlines safe distancing measures at its casino

SINGAPORE (26 March 2020) – Marina Bay Sands has implemented additional safe distancing measures in its casino, to ensure full compliance with regulations introduced by the Singapore Government to contain the spread of COVID-19.

To ensure compliance, Marina Bay Sands will also limit public access to the casino. With effect from 23:59 today (26 March 2020), access will be restricted to Sands Rewards Club (SRC) members holding Gold status or higher, and/or existing Annual Levy Holders. We apologise in advance to other would-be patrons who will not be permitted access to the casino, but seek their understanding that it is a necessary measure.

Steps have been taken to ensure there is not more than one person per 16 square metres of usable space, in accordance with government requirements. Staff will be in place across the casino to ensure that patrons abide fully with the safe distancing requirements.

These new measures are in addition to initiatives that had already been in place in the casino as a result of the COVID-19 situation, such as opening and closing alternate areas/game types to reduce crowding, and significantly increasing cleaning and disinfection. Staff have also been rotating more regularly on the gaming floor, effectively reducing extended contact with individuals.

The latest precautionary measures are intended to support the nation's fight against COVID-19 by restricting mass visitation, while enabling Marina Bay Sands to preserve jobs for its more than 10,000-strong workforce.

About Marina Bay Sands Pte Ltd

Marina Bay Sands is the leading business, leisure and entertainment destination in Asia. It features large and flexible convention and exhibition facilities, more than 2,500 hotel rooms and suites, the rooftop Sands SkyPark, the best shopping mall in Asia, world-class celebrity chef restaurants, a theatre and an outdoor event plaza.
