## Avenue Singapore

### Introduction

Launched in May 2019, AVENUE Singapore is a swanky lounge catered to those who seek a more intimate venue for a night out. A joint venture between Tao Group Hospitality and Marina Bay Sands, it draws inspiration from the iconic lounge's original locations in New York and Los Angeles.

Occupying a 372-square-metre space within the same complex as nightclub MARQUEE Singapore, AVENUE is accessible via its own stylish entrance on the exterior of The Shoppes along Bayfront Avenue. The penthouse-style interior is lavishly decked in plush custom banquettes, detailed wood paneling accented with gilded metal mesh and glowing glass pendants. Other key features include textured granite tabletops and barware, intelligent lighting, and top-of-the-line Funktion One DJ consoles and sound systems.

With social interaction at the heart of the lounge, AVENUE features fun and whimsical elements, including a mini bowling alley, a pool table, vintage arcade games and skeeball machines. The space also plays host to a variety of music genres, from R&B to hip-hop and has a rotation of resident DJs alongside international music artists.

The luxe lounge offers bar bites, and a cocktail list which includes original creations and interpretations of modern classics, which draw inspiration from both AVENUE's American roots and latest Asian location.
