Organic biodynamic wines

W I N E S B Y T H E B O T T L E

Sustainable vineyards cultivate and harvest using ecologically sound, economically viable and socially responsible practices, such as energy and water conservation, use of renewable resources, integrated pest management, and restricted use of man-made chemicals.

Organic Viticulture (OV) – Organic agriculture avoids all synthetic pesticides, fertilizers and additives.

Biodynamic Viticulture (BV) – Biodynamic agriculture adopts not only organic practices, but also incorporates astrological influences, lunar cycles, and homeopathic remedies to fertilise the soil, treat diseases and ward off pests. The vineyard soil is seen as part of a connected system with our Earth, other planets and moons, and the air around us.

TEAS BY ETTE

A contemporary tea company specializing in tea blends with Singaporean and South East Asian taste. Starting with the original Pandan Chiffon tea out of a home kitchenette, they now offer an exceptional collection of tea and tea blends in Singapore, Brunei & The Maldives.

Established in Singapore in 2014, ETTE TEA celebrates the suffix [—ette], which transforms words into a more diminutive nature. This represents the ideals behind the company: to be a boutique producer of gourmet tea blends that are excellent in taste, and much more personal. Tea blending comes first at ETTE TEA with the focus on palate experimentation; balancing tea with other ingredients to form a unique product.

RARE COFFEE SELECTIONS

Wild Kopi Luwak-Grand Reserve \$28

Kopi Luwak, often referred to as 'the world's most expensive coffee', derives its name from the Indonesian civet cat. The Luwak cat selects only the most perfectly ripened berries, a process of meticulous inspection and one of the reasons why wild kopi Luwak is so prized. In addition, the consumption of these berries begins a unique process that uses the Luwak's natural enzymes to remove any bitterness from the bean. This results in a coffee full and heavy in body, yet low in acidity, with chocolate and caramel undertones.

2016 Kona Coffee Festival Cupping Competition Crown Champion— Kona Gold Rum Co. — Extra Fancy \$26

This year's Crown Competition winning farm, Kona Gold Rum Co. is well-balanced, with medium body and bright acidity, this coffee has a fruity cup with crisp notes of citrus, raspberry, peach and apple, and smoother tones of molasses, melon, clove and brown sugar.

Jamaica Blue Mountain — Gold Cup, Grade 1 \$22

Jamaica Blue Mountain is regarded amongst the most exquisite and sought after coffees in the world. The Blue Mountain's ideal conditions for growing coffee produce beans which are noted for their floral aromas, mild yet complex flavor, a lack of bitterness and a creamy, almost chocolatey taste.

Guatemala Specialty Decaf — Swiss Water Process \$14

Jamaica Blue Mountain is regarded amongst the most exquisite and sought after coffees in the world. The Blue Mountain's ideal conditions for growing coffee produce beans which are noted for their floral aromas, mild yet complex
