MARINA BAY SANDS APPOINTS NEW VICE PRESIDENT OF ATTRACTIONS

With three decades of experience across Singapore and the international stage, veteran museum director and cultural strategist Angelita Teo returns home to helm the integrated resort's portfolio of attractions

Angelita Teo, Vice President of Attractions at Marina Bay Sands

Singapore (8 July 2026) — Marina Bay Sands has appointed Angelita Teo as its new Vice President of Attractions, overseeing the strategic direction of the iconic ArtScience Museum, Digital Light Canvas by teamLab, Sampan Rides and SkyPark Observation Deck.

The Singaporean, who has three decades of experience shaping cultural institutions in Singapore and overseas, has returned home after spending seven years in Switzerland as Director of the Olympic Foundation for Culture and Heritage, where she led a multinational team to spearhead global cultural initiatives, heritage collections and museum operations.

Her distinguished career saw her playing an instrumental role in shaping Singapore's vibrant arts and heritage landscape — from broadening public engagement with museums and major festivals to shaping how local works and narratives can be curated

and presented for international audiences, holding progressive leadership roles across key cultural institutions.

"We are pleased to welcome Angelita to Marina Bay Sands. She brings a rare combination of curatorial prowess, institutional leadership and global perspective, with a proven track record in driving transformation and leading large-scale cultural and heritage projects at both national and international levels. Having navigated complex museum ecosystems, international networks and multidisciplinary teams, Angelita also brings the depth of experience and vision to further strengthen the role of our attractions as a cultural bridge between Singapore and the world," said Paul Town, Chief Operating Officer at Marina Bay Sands.

"I am delighted to embark on an exciting new chapter with the outstanding team behind Marina Bay Sands' world-class attractions. Having spent much of my career in the arts and culture sector, I have especially admired ArtScience Museum's evolution into one of Singapore's most distinctive institutions. I look forward to building on this strong foundation by fostering new synergies across our portfolio, creating fresh opportunities for meaningful engagement and continuing to elevate our guest experiences while amplifying the stories of Singapore and Asia on the global stage," said Angelita Teo, Vice President of Attractions, Marina Bay Sands.

Marina Bay Sands is home to a diverse portfolio of premium attractions, offering a dynamic mix of art, culture, entertainment and leisure experiences within one iconic destination. From the thought-provoking exhibitions at ArtScience Museum and immersive Digital Light Canvas by teamLab, to leisure experiences such as Sampan Rides and the SkyPark Observation Deck, the integrated resort continues to captivate both local and international audiences.

A cornerstone of the integrated resort's attractions portfolio, ArtScience Museum continues to redefine how audiences engage with art, science, technology and culture through one-of-a-kind exhibitions and immersive experiences. Alongside its permanent exhibition *teamLab Future World*, created in collaboration with renowned international art collective teamLab, the Museum presents critically acclaimed exhibitions that inspire curiosity, foster creativity and spark dialogue across disciplines. Current exhibitions include *Flesh and Bones: The Art of Anatomy* and *Into the Ocean: Journey Beneath*.

About ArtScience Museum

ArtScience Museum is a major cultural institution in Singapore that shapes and explores perspectives on how the world is seen and navigated through the convergence of art, science, technology and culture.

Since its inception in 2011 at Marina Bay Sands, the Museum has staged a rotating slate of exhibitions and programmes covering topics from science and future-forward technologies to design and pop culture. It is home to permanent exhibition *teamLab Future World* and has featured the works of both all-time greats and contemporary visionaries. It also curates original in-house exhibitions, serving as a hub to cultivate and spotlight regional talent. Beyond the galleries, the Museum houses a VR Gallery, ArtScience Cinema and ArtScience Laboratory, inviting visitors to delve into the future through a range of holistic and educational experiences.
