We Live in an Ocean of Air

Conditions of Entry

Individuals below 120cm in height are not permitted for the experience. Individuals will be required to wear a backpack which weighs 5kg for up to 20-minutes.

It is mandatory for all participants to wear face masks throughout the entire VR experience.

Advisories

VR experiences are not recommended for individuals with claustrophobia, a history of seizures, epilepsy, and/or sensitivity to flashing lights.

If you do not feel well during the experience, please take off the headsets and raise your hand immediately.

This experience is not recommended for individuals under 10 years of age.

For safety purposes, pregnant ladies should consult with a doctor prior to the VR experience.

This experience includes scent, designed to enhance your experience of the installation. These scents have been certified as in compliance with the standards of the International Fragrance Association, for the way they are used in this experience. Certification and safety data sheets are kept on site and available on request.

Each VR session will start on time to ensure that visitors get the best experience. Please arrive at least 15 minutes before the purchased session.

In order for the experiences to be in their best quality, subtitles are not provided.
