**Sands Live** is a live concert series that features some of the world's biggest acts performing in the intimate, state-of-the-art entertainment venues found in Marina Bay Sands. Launched in March 2014, **Sands Live** provides audiences with unique experiences and an opportunity to connect with the world's best entertainers in a manner that is not possible in larger venues like arenas or stadiums. The series has attracted unforgettable performances by iconic English rock and roll royalty The Rolling Stones, Canadian Jazz crooner Michael Buble, and Hong Kong Heavenly King Aaron Kwok. In July 2018, **Sands Live** presented pop diva Celine Dion's first-ever performance in Singapore.

Larger-scale atmospheric acts or concerts that can be performed to thousands of fans are staged at the outdoor Event Plaza along the waterfront promenade at Marina Bay Sands. Past events held include a special "Give back to Singapore" public showcase with global sensation, PSY in December 2012.

In March 2017, the integrated resort launched **Marina Bay Sands presents Open Stage**, a free concert series that showcases the brightest talent in music from Singapore and Asia. The quarterly concert series has featured music acts that included Singapore Idol winner Sezairi Sezali, indie-pop group Disco Hue, Korean RnB artist Hoody, and singer-songwriter Corinne May.

Each night, the Event Plaza comes to life with Marina Bay Sands' light and water show, **Spectra**. The show is a free, nightly, 15-minute performance that features laser, light, water movements and graphics, set to an original orchestral soundtrack composed by Singaporean music producer and composer Kenn C., with the involvement of local and international visual media artists and cutting-edge technology.

In April 2019, Marina Bay Sands launched Singapore's largest nightclub, **MARQUEE**, in partnership with Tao Group Hospitality. Located within The Shoppes, **MARQUEE** anchors a new dining and entertainment complex that also houses speakeasy-style lounge **AVENUE** and Japanese restaurant and sushi bar **KOMA**. Spanning 2,300 square metres, **MARQUEE** offers a fully immersive clubbing experience, incorporating world-class design, technology and cutting-edge sound across three floors. True to the carnivalesque spirit the brand is famed for, the nightclub is home to a one-of-a-kind, fully operational, eight-armed ferris wheel, The Big Q, and a three-storey spiraling tube slide, called Sunny Slide Up.

Marina Bay Sands also plays host to a range of diverse entertainment events that bring together leading figures in the digital, sport and music industries. These include Road to Ultra 2015 at Sands Expo & Convention Centre, which featured world-renowned DJs such as Alesso, Skrillex and Nicky Romero and the All That Matters festival at the theatre in 2016, which featured the likes of Grammy Award winning act Pentatonix and YouTube phenomenon Lilly Singh.
