

Fact Sheet

SweetSpot

Introduction

Marina Bay Sands' SweetSpot offers the finest selection of fresh pastries and artisan brews at three locations across the property – namely ArtScience Museum and the Sands Expo and Convention Centre (Levels 1 and 3).

It unveiled its flagship outlet at the lobby of the iconic ArtScience Museum in May 2019, marking Marina Bay Sands' first full-fledged wellness dining concept. The contemporary café offers a range of options from make-your-own salad bowls to gluten-free pastries, and kids-friendly dishes. Guests can enjoy salad bowls or toasted wraps from a selection of over 30 different premium choices, such as *char-grilled salmon with teriyaki, organic wild rice and baked kabocha*.

The café also features Singapore's first commercial robotic barista, a fully automated 6-axis robot that can create different combinations of coffee at four times the rate of any human barista. In addition to unique coffee blends made from responsibly sourced coffee beans, guests can also enjoy a series of wellness teas, organic kombuchas and SweetSpot's signature power smoothies.
