PAIZA SKY RESIDENCE

Introduction

Paiza Sky Residence is a private club lounge exclusive to guests of The Paiza Collection and Sands Signature Suite at Marina Bay Sands. Nestled atop Hotel Tower 2 on Level 55, the Residence offers panoramic views of Singapore's skyline alongside a repertoire of experiences. Guests are invited to enjoy all-day dining, from breakfast and brunch to evening cocktails and nightcaps at the signature Residence Bar.

In the morning, guests may enjoy a selection of local favourites in addition to viennoiserie and classic breakfast offerings, before the experience expands into brunch service featuring seafood on ice. Afternoon tea is served in a refined setting, complemented by the opportunity to observe a Tea Sommelier performing a Kungfu Tea Ceremony within the Tea Vault. This centuries-old ritual combines precise tea pouring with graceful movements to extract the deep flavours of fine tea.

As evening falls, Paiza Sky Residence transitions into a live-entertainment venue with Skyline Sessions, a music programme open to all Marina Bay Sands hotel guests, featuring resident artistes set against the illuminated city skyline. Guests may unwind over crafted cocktails as soulful acoustic sets, contemporary fusion and smooth lounge music create a relaxed atmosphere. The programme presents a rotating line-up of genres performed by resident and international artistes.

Paiza Sky Residence also serves as a discreet check-in venue for guests and forms part of the broader World of Paiza experience.
