

Fact Sheet

SweetSpot

Introduction

Marina Bay Sands' SweetSpot offers the finest selection of freshly baked pastries, cakes and artisan brews at three locations across the property, namely ArtScience Museum and Sands Expo & Convention Centre (Levels 1 and 3). It unveiled its flagship outlet at the lobby of the iconic ArtScience Museum in May 2019 to present a family-friendly menu created with wellness in mind, offering gourmet sandwiches, nutrient-rich smoothies and fresh juice blends for those looking for a refreshing pick-me-up.

In September 2022, SweetSpot at ArtScience Museum unveiled the Miracle Coffee x SweetSpot collaboration as part of Miracle Coffee's first-ever pop-up in Singapore. A partnership between award-winning pop superstar JJ Lin and Marina Bay Sands, Miracle Coffee's pop-up is a prelude to the flagship that will open at the Museum's lobby in 2023.
